

Project: Registration for placements.

In this project we will try to capture the student data through forms and will be doing client side validation for it.

Wireframe

The wireframe shows a web browser window with a title bar containing the text "Project Title". Below the title bar is a dark gray navigation bar with six light gray rounded rectangular buttons. The main content area is light gray and contains a large square placeholder with a diagonal 'X' on the left side. To the right of the placeholder are six horizontal lines representing text input fields, arranged in two columns of three.
